Garbage Collection

201-991-5400

Garbage Contractor:

The Borough is contracted with Cali Carting. All garbage complaints, including missed collections, should be directed to Cali Carting directly. Their phone number is 201-991-5400 or e-mail info@calicarting.com (visit their website at www.calicarting.com). Additional assistance may be provided through the Fair Lawn Recycling Division at 201-794-5304.

Garbage Holidays:

The garbage contractor will not collect on the following holidays: New Years Day, Memorial Day, July 4th, Labor Day, Thanksgiving and Christmas. Consult the collection calendar for your section for the next garbage day.

Container Requirements:

Garbage containers not only prevent animals from scavenging for food they also provide a means for the garbage collection personnel to carry and deposit your garbage into the collection truck. The following guidelines will help prevent litter as well as assist the garbage collection personnel in collecting more efficiently.

- ✓ Any metal or plastic barrel with a tight fitting lid that is not over 32 gallons in size. Pickle barrels are not acceptable or those with a lid opening smaller than the base of the can.
- ✓ Garbage containers may not weigh over 50 pounds. **(RGO 204.8(b))**
- ✓ No more than 4 containers or a total weight of 200 pounds may be put out for collection. Apartments buildings, businesses and houses of worship are limited to 500 pounds for any collection.
- ✓ *Cardboard boxes are prohibited from being used as a container and must be recycled as per regulations on page 2.*
- ✓ *The green Borough Recycling Barrel is prohibited from being used to hold garbage and may only be used for placement of bottles and can recycling materials.*
- ✓ **Loose plastic bags are not acceptable. Garbage must be placed in a sturdy container. (RGO 204.3)**

Placement at Curb Regulations:

The following regulations must be adhered to when placing garbage at the curb for collection. Failure to do so may result in non-collection and/or a summons.

- ✓ Garbage or recycling may not be placed in the street. All items must be left between the curb and sidewalk. **(RGO 204-6)**
- ✓ Rugs, carpets and padding must be rolled and tied in 3 foot (or smaller) lengths. Limited to the 200 pound rule.
- ✓ Garbage may not be placed at the curb before **6 pm** the night before collection but **must be** at the curb by 5 am the morning of collection.

Bulky Materials:

Fair Lawn does not require bulky materials to be set out on special days but no more than one bulky item may be placed at the curb on each regular collection day. Bulky items include mattresses, box springs, dressers, furniture, etc. Do NOT break the item up or the contractor may think that it is construction material and refuse to collect it.

Remember that **metal items and electronics** such as appliances, bed frames, TVs, computers, etc. must be recycled. See the requirements for curbside recycling collection on page 2 for further details.

Collection Times:

Collection routes are set by the contractor and may be changed at their discretion. All garbage must be placed at the curb for collection by **5 am** the day of collection. Any material placed at the curb later than this time risks not being collected.

Please refrain from calling if your garbage is not collected by its "normal" time. A number of things, including weather, truck breakdowns, road paving, etc., may occur that could detain the contractor from collecting the route and this could result in a delay in service. The contractor has until 6 PM to finish the route.

Prohibited Materials:

The following items are not collected as part of the garbage collection:

- ✓ Construction material (including concrete) (it is the responsibility of the contractor or homeowner doing the work).
- ✓ Recyclables must be recycled as defined elsewhere in this booklet.
- ✓ Asbestos, paint, chemicals or other hazardous materials.
- ✓ Rocks, sod, dirt or yard waste.

Construction Material

Concrete, asphalt and brick must be recycled. Residents and contractors should turn in their recycling weight receipts to the Recycling Office so the Borough can earn recycling grant money!

Construction material is the responsibility of the generator (homeowner, business, contractor). When doing construction on your home you have several options regarding its disposal. Regardless of the option that you choose for disposal, you are responsible to assure that it is done legally as outlined by all Federal, State and Borough laws.

Option 1: Contractor Disposal:

When you enter into a contract for a contractor to do renovations to your home or business, make provisions for the contractor to dispose of the materials.

Option 2: Hire a Sanitation Contractor:

Many residents are now taking on "do-it-yourself" or DIY projects. Consider renting a dumpster from a sanitation company. Residents are reminded that a permit is required for placement in the street and is issued by the Department of Public Works.

Option 3: Bring the Material to a DEP Approved Transfer Facility:

The facilities listed below are approved by NJ DEP for accepting solid waste and construction materials. Residents are advised to contact the facility to confirm that they will accept the waste, what costs are involved and what rules or regulations need to be followed when dumping at their facility. The residents are responsible for all costs.

Option 4: Bring it to the Fair Lawn Recycling Center for a Fee:

Commercial and rented vehicles are prohibited from dumping construction material at the center. Residents are required to purchase vouchers at the DPW Office or Tax Office prior to dumping construction at the center. Vouchers are \$25 each. A passenger car or a trailer requires one (1) voucher per trip. SUVs, vans and pick-up trucks require two (2) vouchers per trip. Vouchers are non-refundable and expire after one year.

Construction tickets are sold at the DPW Office and Tax Office, open from 8:30 AM to 4:00 PM in Borough Hall. The offices are closed on all Borough holidays.

The Recycling Center is open to accept construction material, with proper vouchers, Monday to Friday from 7:00 AM to 3:15 PM, Saturdays from 9:00 AM to 12:45 PM and Sundays from Noon to 3:45 PM (The center is closed on all Borough holidays and Major holidays that fall on a weekend day such as Easter Sunday).

Construction materials include building wood, paneling, sheet rock, tiles, toilets, sinks, wood doors, windows, cabinetry, countertops and garage doors. Construction does NOT include recyclables, hazardous materials, brick, block, stone, concrete, asphalt, stone, rocks, dirt, etc.

Option 5: Free Curbside Collection:

As a courtesy to the residents, the Borough's garbage contractor will accept small amounts (4 barrels worth or 200 pounds) of construction material on garbage day twice per year during the designated weeks. Materials over the 4 barrel limit will not be collected. **The 2012 collections are during the weeks of May 7th and October 22nd.**

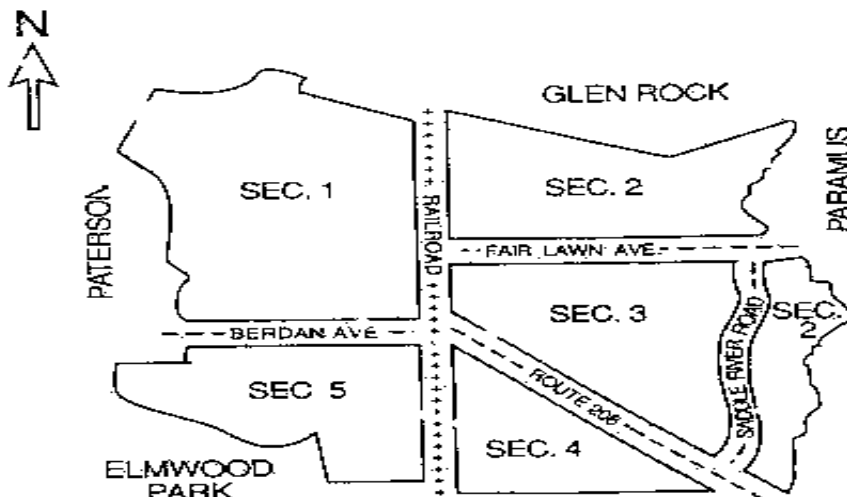

Construction materials include building wood, paneling, sheet rock, tiles, toilets, sinks, wood doors, windows, cabinetry, countertops and garage doors. Construction does NOT include recyclables, hazardous materials, brick, block, stone, concrete, asphalt, stone, rocks, dirt, etc.

Household Hazardous Waste Disposal – 201-807-5825 - www.bcua.org

Hazardous waste is not only dangerous to the environment but has also been linked to cancer and other diseases in humans. Proper disposal is imperative. The Bergen County Utilities Authority (BCUA) hosts a Household Hazardous Waste Clean Up Day several times per year. All Bergen County Residents are able to bring their materials to this event for proper disposal.

(Hours 9 AM to 3 PM—rain or shine):
Bergen Community College, Paramus Rd., Paramus
BC Campgaw Reservation, 200 Campgaw Rd., Mahwah
BCUA, Foot of Empire Blvd., Moonachie

This program is available free of charge to Bergen County Residents only! Proof of residence is required.

The Fair Lawn Recycling Center does NOT accept hazardous waste!

Litter Marshal Program

Nearly everyone has seen someone throw litter from a car window including cigarette butts, empty their ashtray, fast food bags, cups, bottles or some other type of garbage. In 2004, the Fair Lawn Clean Communities program started the Litter Marshal program as a way to report these litter bugs! If you see someone littering, write down their license plate number (including state), date, time, location and what was littered. Then call or write to the number below. This is an anonymous program and you will not need to testify or go to court. Please help us keep Fair Lawn clean!

Report litter bugs:
201-794-5341 or litter@fairlawn.org
