A message from the Mayor and Council

This prescription drug plan, brought to the Council by former Councilmember Allan W. Caan, is designed to save the taxpayers money. Your Council unanimously adopted this plan which allows Borough residents to get a discount not only at virtually every pharmacy in Fair Lawn, but at stores throughout the United States. This program does not have a registration charge; it is a free service for seniors, veterans, volunteers- for all Fair Lawn residents and their extended families, wherever they live. We hope that this finds you in good health and that you do not need this service, but if you do, your Borough Council has made it less expensive for you.
