

PUBLIC NOTICE
BOROUGH OF FAIR LAWN
FAIR LAWN WATER DEPARTMENT

Attention: Residents of Fair Lawn

Please be advised that the Borough of Fair Lawn Water Department will begin a hydrant-flushing program on March 30, 2008. This program is part of an ongoing maintenance program to insure the delivery of the highest quality water. To minimize the inconvenience to our customers, this work will be done only between the hours of 11PM and 5:30 AM. The flushing program will last for a period of approximately six weeks. Your water service will not be interrupted. During this work residents may experience some discoloration of their water. This is expected and a normal occurrence when existing water mains are disturbed. If you experience this, caution should be used in washing white clothes; however, the discoloration poses no health hazard and the water is safe for consumption. Just allow the water to run from your tap until it clears. If you have any questions regarding this program, call 794-5305 during normal working hours or 794-5374 at all other times. The Borough apologizes for any inconvenience during this time and requests your cooperation.
